Suggestions for Customers Ordering from This Catalogue

The time is now past when it is necessary for you to send east for your bulbs, plants, etc.

We have the soil and climate necessary to the high development of the finest plants, shrubs and vines and our long experience in this business enables us to take advantage of all these conditions, so the goods we offer can be depended on as absolutely the best of their class.

We discard all varieties that do not keep up with the constant advancement in the flower world. Our list is not as large as some, but **it is a catalogue of dependable things.** We relieve you of the necessity of finding out which is best.

We do not sacrifice quality for price. You cannot get something for nothing. Our rapidly growing trade is with the class of people who are willing to pay a reasonable price for merchandise of quality. We do business on this principle—one good plant that grows and blooms is worth half a dozen that are grown so crowded and weak that they never make a good plant, no matter how you pet and fuss with them.

To those who have not dealt with us this catalogue is sent perhaps at request of a friend. Look over this book, we are sure it will prove interesting and instructive. Now we would like to do business with you, and would ask that you send us a trial order. Try out some of our money saving collections in back of book, they are exceptional values. We are sure you will be satisfied—if not, let us know it, and we will make it right with you.

We are in continuous touch with all places of importance in Iowa and the surrounding states by telegraph and telephone. We receive mail several times a day, and delay in handling the orders is reduced to a minimum by our system.

Flower Seed. Owing to the large increase in plant and flower business and being unable to give seed the attention they should have, we have decided to discontinue the handling of Flower Seed.

Errors. If goods received are not as expected, compare with order, read Catalogue carefully, and if we are in the wrong, write us at once. Every just complaint will have immediate attention.

Remit by bank draft, express order, postoffice order or registered letter.

To Responsible Parties goods will be sent on approval.

Plants by Express. Have your plants, shrubs, etc., sent by express when you can possibly do so. Under the new ruling of plants, shrubs, etc., they go at special rates, making the cost very reasonable. We put in extras to about cover cost of express charged and guarantee safe arrival of all goods by express.

Plants by Mail. On orders of 50c and over small plants, vines, etc., will be sent by mail prepaid on receipt of price.

The Most Popular Bedding Plant

POINTS ON THE CULTURE OF FLOWERS

Treatment of Plants Received by Mail. If plants are wilted immerse them in water, without removing the packing material and allow them to remain for half an hour. Then unpack and set in small pots in rich fibrous loam, shade from the sun and sprinkle foliage every day, being careful not to overwater the roots until the plants begin to grow, after which they may be shifted to larger pots if necessary.

Soil in Which to Pot Plant. The best soil for most plants is composed of two-thirds good garden soil, and one-third well-rotted manure, well-mixed up together. If not naturally sandy, it is well to add some sharp sand.

Watering. Whenever the plants are dry, water so that the earth will be saturated, and no more. No water should be allowed to remain in the saucers under the pots except in the case of aquatic plants. Soft-wooded plants require much more water than hard-wooded ones.

Drainage is of the utmost importance. Every large pot should have at least an inch of broken pot, shredded moss or charcoal in the bottom.

Syringing. All plants are benefited by liberal spraying two or three times a week on the under side of the leaf.

Air. Ventilate well every day when air above freezing point can be admitted. Do not allow cold air to blow directly against plants.

Insects. One of the most disgusting of these is the Scale which attacks the Ferns, Palms, Ivies, etc., lodging on the stem and under side of leaf. There is no remedy but scraping off and destroying. A severe scrubbing with an old tooth brush and soap will remove the scale. Mealy bugs lodge in the axils of the leaves and are easily removed by using an old tooth brush. Red spider shows itself in a brown dried condition of the leaves and is an indication of too dry an atmosphere. Sponge, sprinkle, or wash the leaves often and thoroughly. The Green Fly or Aphis, is best destroyed by tobacco smoke, if the smoke can be confined about the plants; otherwise a tobacco tea, made by steeping one pound of tobacco stems in four or five gallons of water, can be used. Dip the plants in the liquid, or sprinkle them thoroughly with it; or moisten the plants with water and sprinkle tobacco dust over them, letting it remain until the usual watering washes off.

Worms in the Soil. Lime water will usually expel them without injury to the plant, one part lime to twenty parts of water, and when clear, give one or two waterings.

Mildew. A whitish or moldy appearance of the leaves. It is caused by a sudden change in the atmosphere from great heat to cold, or by a draft from open windows or door. At first appearance dust them with sulphur.

Our Geraniums (see pages 25 and 26) the best that grow. **Special Collection of Popular new varieties,** 6 for 75 cts., 12 for \$1.50, all different. Try this collection if you want something different from your own or your neighbor's varieties. By express (charges collect.)

CUT FLOWERS

In design work and loose cut flowers we are better than ever prepared to care for your wants. With 55,000 feet of glass devoted to flowers, our excellent facilities for storing and shipping, we are sure that you cannot do as well elsewhere. We carry on hand the largest stock of seasonable cut flowers in Central Iowa, even in the largest cities few firms carry the stock that we do. Frequently persons are undecided what to order, and at such times may order flowers wanted and leave the selection to us, stating what you wish to use them for.

WHEN TO ORDER. Give us as much time as possible. Do not be afraid to order even a week or two ahead. You are sure of getting just what you want. Where an order is not sent in until the last thing, we sometimes have to substitute either in kind or color of flower wanted.

All customers will please notice that orders for early morning shipment must be in the night before, at least. Our postoffice closes at 7 p. m. If you are not sure that your order will reach us before that time, it is safer to wire us. Telephone messages can be sent after 8 p. m. at considerable reduction. It is always best to telephone or telegraph your order when time is limited, as you are then sure of reaching us on time. Don't trust the mails too much; trains are often late and we often do not receive orders on time.

SUNDAY MAIL. If your order is sent by mail for Monday shipment, be sure and affix a special delivery stamp if letter is liable to reach here on Sunday, as we do not receive our Sunday mail until Monday morning.

HOW TO ORDER. When time is limited, always order by telephone or telegraph. If order by mail is for immediate shipment, please affix a special delivery stamp.

FLOWERS BY EXPRESS. All cut flowers, designs, etc., packed to carry long distance safely, either summer or winter.

FLOWERS BY MAIL. On request we often send small boxes of loose cut-flowers by mail, as a rule they reach their destination all right, especially carnations, but much prefer sending by express, as flowers carry better and cheaper. If orders are to go out by mail, add 20c postage which includes special delivery stamp.

FLOWERS FOR DELIVERY IN DISTANT CITIES. Our arrangements are such that we can order flowers for you from local or nearby florists in any part of the United States. State what you want and price you wish to pay, and we will endeavor to place the order where it will be taken care of right.

TERMS AND CONDITIONS. Cut flowers are strictly cash, and payment must be made immediately on receipt of flowers. We seldom send C. O. D. It often embarrasses those who buy, and it is needless expense.

COMPLAINTS to be allowed must be made immediately on receipt of flowers.

RESPONSIBILITY. While we exercise the greatest care to have all flowers reach their destination on time, and will not ship unless we are reasonably sure **they will reach you on time.** We positively will not be responsible for delays in trains, wrecks, or express agents' negligence.

OUR SHIPPING FACILITIES. The simple fact that the great harvester companies have their general agencies in this city is in itself a sufficient guarantee that there are none better in Northern Iowa.

Flowers for the House the Season Through

You enjoy having flowers in the home and having them on the table when you have a few friends in; why not have them oftener? Part of the year you cannot grow them, but we make it easy for you to have them whenever you like, at a small cost. Our \$1 box of cut flowers sent prepaid anywhere is always suitable whatever the occasion.

SEND FOR ONE OF OUR SPECIAL BOXES OF CUT FLOWERS

For the home, for a party, or for a sick friend. Just mail us your card and \$1 with the address do the rest. We know you will be pleased. We of the person who is to receive it, and we will grow the flowers we sell.

Very Important

HOW TO KEEP YOUR CUT FLOWERS

All design work. Leave in the boxes and set in a cool cellar until ready to use.

Loose Flowers. Remove from boxes at once, clip ends of stems and put them in water and set in cellar, using a deep vase with plenty of water at bottom, and see that the stems are down in the water. By securing loose flowers early and keeping in water 12 to 24 hours before using, you double the value of the flowers.

Fumbler Baskets—Filled with flowers—a most appropriate gift. \$1, \$2, \$3 and \$5 each.

HOLIDAYS

Owing to the extraordinary demand, it is sometimes impossible to give you exactly the kind of flowers ordered. We do our best, but our customers will find we can give better values in mixed boxes of our own selection. Cut flower orders amounting to \$5 and over only are prepaid, without additional charge, except our special \$1 boxes—and please don't order any flowers sent by mail on holidays. Mails are very uncertain, and we cannot be responsible for them.

Send her a box of flowers.

CORSAGE BOUQUETS—made up of assorted flowers and tied with ribbon.

\$1, \$2 and \$3 each.

DECORATION DAY

One of the hardest days of the year to supply the demand. If the weather is hot and damp, it is a time of poor quality and high prices. We shall endeavor to bill all stock at most reasonable prices, according to quality. Prices from May 28th to June 1st will be about as follows: **Roses**, \$1 and \$1.50 per dozen; extra fancy \$2 per doz.; **American Beauties**, \$2 and \$3 per dozen; **Carnations**, \$1 and \$1.25 per dozen; **Jasmines**, 40 cents per dozen, \$3 per 100; **Easter Lilies**, \$2 per dozen. **Gladiolus**, \$2 per dozen.

MOTHERS' DAY

Usually observed in all churches the second Sunday in May. Wear a flower for mother's sake, a white one for the mother that is dead, and a colored one for the one who is living. Thousands observed it last year; we hope many more thousands will this. **Carnations**, assorted colors, one-third white, \$1 per dozen, \$7 per 100.

White Carnations alone, our very finest, \$1.25 per doz. **Roses**, \$1, \$1.50, \$2 per dozen. Short stemmed assorted colors, \$1 per doz., \$7 per 100

Assorted Boxes of loose cut flowers and greens, suitable for any occasion, at \$1, \$2, \$3, \$5 and \$10. Try one of our \$1 boxes for your sick friends. It will surprise and please them, and nothing will cheer them more. Sent prepaid anywhere for \$1.

Special Rates will be made those wishing large quantities. Send list of wants and get our prices before you buy.

Flowers for Weddings, Receptions, Banquets, Etc.

FOR WEDDINGS. What Is Proper for the Bride. There are many forms of bouquets used. We are illustrating three of the more inexpensive kinds. The regular formal wedding bouquet. (No. 1) is made of one to three dozen white Roses, according to taste, tied with three yards of ribbon. No. 2, a small shower bouquet, made up of 18 long stemmed white Roses, with 18 short stemmed Roses caught in the loops of the baby ribbon. For this style 20 to 40 yards of white baby ribbon is used, and 3 to 5 yards of netting or chiffon, according to taste of purchaser. No. 3 is the floral ring. A ring of No. 8 wire is covered with a string of Smilax and one dozen sprays of Asparagus Plumosa. Two dozen short stemmed Roses are twined into the ring and tied with narrow gauze ribbon or baby ribbon, and the whole tied with chiffon at the top. This ring is carried on the arm of the bride. These are the simpler forms.

The Sheaf Bouquet is a large bunch of flowers to be carried in a reclining position on the arm.

For the Bridesmaid and Maids of Honor, bouquets of similar form to that of the bride, but pink in color, are used. Carnations, Lilies, Chrysanthemums, Hyacinths, Sweet Peas, Lily of the Valley, Orchids, are often used instead of Roses, and are perfectly proper.

For groom and attendants, one white rose or carnation for each is good taste.

The bride's table should be very dainty. Pink and white Killarney Roses, or light pink and white Carnations with Asparagus Plumosa. If low effect is desired, Violets, Hyacinths, Sweet Peas or Marguerites may be used.

For the guests' tables, large vases of Roses, Carnations or other seasonable flowers. Smilax, a few Ferns or Asparagus Sprengeri add very much to the effect if scattered or draped around the table.

A SIMPLE WEDDING DECORATION FOR THE HOME can be made as follows: Select a corner in the room with at least 5 feet space each way from the corner. Stretch a wire 8 or 10 inches from ceiling diagonal across corner. Drape two lace curtains, one on each side from the center, and loop them up with chiffon or

Diagram for Home Decoration

(No. 1) Wedding Bouquet cord about two feet from the floor on each side. Then drape two or more (a different pattern will do,) right over these and loop them up about four or five feet from the floor. Trim these with four to twelve strings of Smilax or a few dozen sprays of Asparagus. A large fur rug on the floor with a few Palms and Ferns at each side and two or three at back corner, gives a very pretty effect, with little work and expense. The bridal party should stand facing the corner, with the minister under the curtains facing the room.

Special Lodge Designs for Funerals

Our large and ever increasing trade in this line shows that the people have found out where they can get what they want—designs that are made up properly, both as to form and color, and at reasonable price. We make up many elaborate ones. We aim to have just what you want, both as to quality and price. Where elaborate designs are wanted, we often place the regular lodge form on a shield of Galyx or Ivy leaves with Sago Palm Leaves at back. This gives it a beautiful and showy appearance, without being loud and gaudy and out of good taste. Any lodge or other emblem not on our list will be properly furnished on receipt of description of just what you want. The price will be reasonable.

Summer Flowering Bulbs

AMARYLLIS

Very popular for house culture and easily grown.

Johnsonii. Of immense size. Bright crimson, striped white. 35 cents each.

Formosissima. Beautiful dark scarlet. Strangely marked, easily grown. 15 cents each, 2 for 25 cents.

APIOS TUBEOSA

An elegant climbing plant, growing from 8 to 10 feet high, bearing large clusters of brownish purple, sweet-scented flowers in July. Perfectly hardy. 10 cents for 2, 20 cents for 5, 45 cents per dozen.

TUBEROUS-ROOTED BEGONIAS

Unexcelled for summer bedding, such as lawn beds and borders. They should be grown more extensively than they are now, for they require no more care than ordinary bedding plants. They will thrive in partial shade, when fully exposed to the sun the beds must be kept moist.

Single Sorts. White, scarlet, yellow, pink. 6 cents each, 4 for 20 cents, 60 cents per dozen.

Single Mixed Colors. 5 cents each, 4 for 18 cents, 50 cents per dozen.

Double Sorts. White, scarlet, yellow, pink. 10 cents each, 4 for 35 cents, \$1 per dozen.

Double, Mixed Colors. 8 cents each, 4 for 30 cents, 80 cents per dozen.

CALLAS

Elliotiana. Flowers are of a rich golden yellow, foliage is the same as that of the Spotted Calla—deep green with white spots. 35 cents each, 3 for \$1, \$3.50 per dozen.

Spotted Leaf. Similar to the well-known White Calla, but having its foliage marked and dotted with numerous white spots. The flowers are pure white with dark throat. 10 cents each, \$1 per dozen. Large bulbs, 20 cents.

GIANT ISMENE

Flowers are large, like an Amaryllis, of novel form, snowy white, exceedingly fragrant. 20 cents each, 50 cents for 3.

HYACINTHUS CANDICANS

Large, yuccalike leaves growing as high as 4 feet, producing racemes of long, funnel-shaped pendulous flowers. 5 cents each, 25 cents for 6.

GLOXINIAS

New Giant Flowering Hybrids

Beautiful tuberous-rooted plants of dwarf habit and one of the most useful pot plants for indoor culture. Flowers are trumpet-shaped, borne erect above the leaves and of exceedingly rich coloring and markings, ranging from deep scarlet to violet blue.

Use part leaf mold and sand in potting, as they like a wet soil. Be careful in watering so as not to wet the leaves, otherwise they will spot and the plant will lose part of its beauty.

Emperor Frederick. Red, pure white border.

Mont Blanc. Pure white.

Defiance. Rich crimson scarlet.

Emperor William. Violet blue with white throat tinged and spotted.

12 cents each, 3 for 35 cents, \$1.25 per dozen, prepaid. Mixed colors, 10 cents each, 3 for 25 cents, \$1 per dozen, prepaid.

ASPARAGUS

Asparagus Plumosus

Especially suited for fern dishes. The stem is tufted, slender and gracefully arching. From the upper portions of the branches, which are finer than the fronds of the most delicate fern, spread in all directions. The whole plant is of bright, cheerful green, and one of the most distinct and effective decorative plants, of easy culture, thriving best in full light, but not direct sun. After the plants become large, they throw large tendrils 4 to 6 feet long, which are beautiful for decoration. 10 cents each, 6 for 50 cents; larger size, 20, 30 and 50 cents.

ASPARAGUS SPRENGERI

A grand trailing plant, especially useful to grow as a pot plant for house decoration or for planting in hanging baskets or window boxes, where it makes a graceful, drooping plant with branches or fronds 4 to 5 feet in length, of a rich shade of green; valuable for cutting, or decorating, as it retains its freshness for weeks after being cut. 10 cents each, 50 cents for 6; large plants, by express, 20 cents, 30 cents and 50 cents each.

Asparagus Sprengeri
ARAUCARIA EXCELSA
(Norfolk Island Pine)

Some have called it the "Christmas Tree Palm" from its resemblance to the Christmas tree, and others have called it the "Star Palm," because the leaves are arranged to form a per-

fect star. Deep green, feathery foliage arranged in whorls; \$1, \$1.50 and \$2.

AZALEAS

For the conservatory or home decoration these beautiful and highly ornamental ever-green plants are unequalled. They are useful alike for the adornment of the greenhouse and parlor, and they make a beautiful dining table ornament.

The different sorts of Azaleas ready November until March only.

Simon Madner. Very fine, double, deep rosy pink.

Emperor of Brazil. Double, pink and shaded white.

Deutsche Perle. Double white.

Verviana. Rose, deeply edged and spotted white.

Bernard Andre Alba. Double, white, late. Good for Easter.

First size, \$1 each; second size, \$1.50; third size, \$2.

BEGONIAS

These are the finest conservatory plants and very popular for window decoration (where atmosphere is supplied to the foliage.) Many have failed with the Begonia, but when their requirements are known, they can be grown as easily as weeds. Give light, open soil composed of rich loam, woods earth, peat and sharp sand; they should have a moist atmosphere and shade in the summer. No plant will give better satisfaction.

Argentea. Guttata. Oblong, purple bronze leaves with silver markings; white flowers.

Luminosa. Foliage reddish brown, flowers dark scarlet.

C. Lucerne. A grand everbloomer; green pointed foliage, dotted white, flowers in very large clusters, coral red. Very fine. 25 cts.

Vernon. Deep red, changing to clear rose when fully open; foliage green, shaded with bronze; valuable for bedding.

Rubra. Flowers large, ruby red; glossy and wax-like. Leaves are dark green.

Otto Hacker. Strong, vigorous grower; large deep green leaves, flowers bright red.

G. D. Chattelaine. Bright pink, in flower almost continuous. 20 cents each.

Marg Daw. (Trailing) large clusters of bright pink flowers.

Price of Shrubby Begonias. Small size, 10 cents each, 7 for 50 cents. Larger size, 20 cents each, 3 for 50 cents.

REX BEGONIAS

The high coloring and exquisite markings of Rex Begonias make them invaluable as decorative plants for house culture; are excellent for baskets and vases if given plenty of moisture and not exposed to the full sun.

We have a number of the most showy varieties. Small, plants, 20c each, 3 for 50c; large size, 35c each.

CROTONS

The Crotons are among the finest decorative plants known. The leaves are more or less veined and margined and sometimes entirely variegated with shades of yellow, orange and crimson; some have long, narrow leaves, arching gracefully, fountain fashion; others are broad and short, oak-leaved. Some recurve very much; others are twisted corkscrew-like. They love peat, sunshine and moisture. The crotons are fast becoming one of our most beautiful bedding plants, and are also one of the handsomest house plants. 20 cents each, 50 cents for 3; large size 50 cents each.

CALLAS

Dwarf Calla, the Godfrey. Undoubtedly the finest Calla in cultivation. It far surpasses the

common variety in freedom of bloom. Snow white and of perfect form. Blooming size, 25 cents each.

Aethiopica. Excellent house plant, requiring an abundance of water during its growing season. Strong plants, 10 cents, 20 cents, 30 cents and 50 cents each, according to size.

Spotted Leaf. Resembles the White Calla, but is of a somewhat smaller habit. Leaves glossy, deep green, with numerous white spots, making it very ornamental, even when not in bloom. Extra large, 25 cents each, 60 cents for 3; small size, 10 cents each.

CUPHEA TRICOLOR

Flowers tubular in shape and about 2 inches long and combine three distinct colors in each flower; red, blue and white. 10 cents each.

CYCLAMEN

Giant Flowered. Most beautiful and decorative of all pot plants, for winter and spring blooming. Foliage broad, massive and graceful, of dark green, beautifully variegated with silver and rose. The immense, fairy-like flowers are carried on long stems and produced in profusion for several months; quite fragrant. We have a fine stock, first size, separate colors, suitable for next winter's bloom, at 10 cents each, 25 cents for 3, \$1 per dozen; second size, 25 cents each, 60 cents for 3. Large size in fall, 50 cents, 75 cents and \$1 each.

Cyclamen.

CYPERUS ALTERNIFOLIUS
UMBRELLA PLANT

A pretty, unique and striking object of very easy culture, growing and thriving under almost positive neglect. Being an aquatic, it is at home in the aquarium, but succeeds equally well as an ordinary pot plant if an abundance of water is given. Next to palms, the plant deservedly takes rank among the most useful foliage plants for inside culture. 10 cents, 15 cents, 25 cents and 50 cents each.

CARNATIONS

In no plant has the improvement of quality and quantity of bloom been so marked in the last few years as in the Carnation; they are almost as much sought after as the Rose for cut flowers. The new varieties here listed are sure to please. The Carnation makes beautiful pot plants for the window in winter.

Plant in the open ground as soon as the ground can be worked in spring. If wanted to flower during the summer and fall, as soon as the flower shoots appear, tie to small stakes; if wanted for winter blooming, the flower shoots should be pinched off until about the middle of August; by that time they will have made very strong, bushy plants. Take up and pot before September first and keep shaded and close for a few days, when they will be ready for removal to the conservatory or window, where they are to flower.

Our list of varieties are the best on the market. There is not a poor one in the lot.

The Very Best

STANDARD VARIETIES

Beacon. Blooms early; scarlet, with a tint of orange; stems long, stiff and wiry; the calyx is long and does not burst.

Enchantress. A splendid light pink, deepening toward center; far superior to any light pink yet sent out; stem strong and stiff, blooming very early, free and continuous.

Mrs. M. A. Patten. White, beautifully marked with pink; an early bloomer of large size on stiff, erect stems.

Pink Delight. Good size, color deeper and brighter than Enchantress. Grows upright and very free. Splendid keeper.

Mrs. C. W. Ward. A grand deep pink; strong, upright grower and good bloomer.

White Wonder. A greatly improved White Perfection, much more bushy in growth and more prolific.

Dorothy Gordon. A tremendous free bloomer, dark rosy pink; strong grower.

White Enchantress. Identical with its parent, except in color; has the same wonderful size and blooming qualities as its parent.

White Perfection. Truly perfection in white, large size, abundant bloomer; flowers clear, glistening white.

Zoe Simmonds. Clear pink, a beautiful sort, flower fringed, strong, erect grower and a good bloomer.

Yellow Prince. Clear Yellow, faintly striped carmine—the very best of its class. 15c each.

Champion. Bright scarlet, large size, very productive. A strong grower.

Decorah. Strong, upright grower; dark crimson, large size flower, the finest of its color.

Enchantress Carnations

Philadelphia. Deep rosy pink, fringed petals.

Windsor. Clear silver pink; darker than Enchantress; flowers of large size and fine shape.

Price of Small Plants. For growing next winter's bloom, 10 cents each, 30 cents for 4. \$1 for 15; large size plants in fall, 20 cents each, \$2 per dozen.

Carnations for Summer Bloom

Matchless. Fringed white. Dwarf, sturdy grower, very fragrant. 20 cents each.

Belle Washburn. Largest size, clear dark scarlet. Good grower and bloomer. 25 cents each.

CHRYSANTHEMUMS

The Chrysanthemum is, without doubt, the queen of autumn flowers. Their large flowers of every character and form attract the attention of every person interested in flowers. They are the most popular show flower. We are continually adding new varieties to our large stock, and offer the cream of the best standard sorts of fine, well-grown plants. Compare our list with any specialist.

STANDARD CHRYSANTHEMUMS. EARLIEST VARIETIES.

- Advance.** Very strong grower. Beautiful light pink, incurved twisted petals. A fine sort.

Golden Glow. The earliest yellow variety, fine incurved solid flower of golden yellow.
Ivory. Dwarf-growing, white, incurved.
Robert Halliday. Yellow, immense size, beautiful open flower.
Early Frost. Very early, easy to grow. Compact, round flower of purest white. 15c each.
Smith's Advance. The earliest large flowering white, a good companion to Golden Glow; dwarf habit, perfect in every way.
Chrysolaria. Early; deep yellow; a grand variety.
Unaka. Very early, broad petal Japanese, incurved; flower very large and full, mauve pink.

MIDSEASON VARIETIES.

- Dr. Engenhardt.** True pink, without trace of purple; perfectly double; grand variety.
Glenview. A splendid bronze of largest size; fine habit. The best of its color.
Roman Gold. Japan incurved, deep golden yellow. A grand variety.
Ethel Fitzroy. Beautiful incurved, rich golden bronze.
Mrs. Buckbee. One of the best all-around white, outer petals reflexing; dwarf grower.
White Chieftain. Of large size. Midseason, splendid keeper; incurved petals.
Alice Salmon. Incurved, pure white. Early. 15c.

Those wishing large quantities to grow for shows the coming season, should write us, stating the quantity desired, and we will make you very low prices and guarantee you satisfaction.

Below we give carefully prepared cultural directions.

FEEDING. After September 1st, all plants should be fed about once a week, alternating with weak manure water (at the rate of one pail of manure to a barrel of water) and ammonia water (at the rate of a tablespoonful of ammonia to a pail of water.) After buds commence to open, feed but little, and that very weak.

WHEN TO PLANT. Any time after the ground can be worked.

SOIL. Dig the ground deep. Put in quantities of manure as the Chrysanthemum is a gross feeder.

DISBUDDING AND STOPPING. When your plant is 6 to 8 inches high, cut back to a height of 4 inches. Allow one flower to a stem and that a terminal bud. If you want fine flowers, do not be afraid to cut off all the side buds. Leave only the center bud on each stem to mature.

WHEN TO LIFT. In this locality plants should be lifted into large pots or boxes by August 20. After lifting, drench thoroughly and never allow them to suffer for water. Give them manure water, if possible, once a week. If protected they need not be brought into the house until well in October, and when brought in, place in a room without fire, and give plenty of air when not frosty.

GREEN AND BLACK APHIS. There is no remedy for this troublesome pest except tobacco in some form, either smoke or tea. We use Aphis Paper almost entirely to destroy the green and black aphids indoors. Price, 5 cents per sheet. Tobacco dust for sprinkling on indoors, 15 cents per pound.

For price of Chrysanthemums see page 19.

Chieftain. The loveliest pink of them all. Mid-season.

Mrs. E. A. Seldewitz. Beautiful incurving brilliant pink; late—very fine.

Salmon Gold. Large globular flower; rich golden yellow. 15c.

Mrs. Wm. Turner. Of immense size. Clear, glistening white.

Nagoya. Large, Japanese, reflex; yellow.

Elsie Papworth. Dwarf; pure white; large.

Patty. Light Pink, Japanese in form; dwarf.

Maud Dean. A grand pink of beautiful form and exquisite shade; incurved Japanese.

Mrs. Chamberlain. Delicate satiny pink. Wavy petals; tall, strong grower.

Maj. Bonnafon. Incurved, solid form, light yellow; must be grown single flower to a stem.

Chas. Razler. Tall, strong grower; pure white, sometimes tinted lavender; flower very full.

FANCY SINGLE VARIETIES.

Cosmos. Flower similar in form to the well-known Cosmos, shading through rose and magenta pink.

Kittie Bourne. Fine shade yellow; extra good.

Anna. Pure white, like a large white Marguerite.

Golden Mensa. Of large size, splendid keeper; bright golden yellow.

Mrs. William Buckingham. Lovely shade of soft rose pink, long stemmed.

CHRYSANTHEMUMS—LATE VARIETIES

COLEUS

Every lover of foliage should have a bed or border of this. They are fine for edging or massed by themselves. The Coleus will give more pleasure at less cost than any other plant; the varied tints of crimson, gold, bronze and green, and richly blotched, veined or margined colorings produce a brilliancy unequalled. They fit in with most any design or planting on the lawn. Very tender, and therefore should not be planted until all danger from frost is past.

The number of varieties is so large and varied that we only attempt to describe the standard bedding varieties. We also have 6 other varieties not listed.

Anna Pfister. Pointed leaves with deep scalloped edges. Bright golden yellow, intermingled with green and crimson. Dwarf.

Blackbird. Leaves and stems almost jet black with fringed edges.

Beckwith's Gem. Four shades of color, center maroon, bordered red; edge green with point of yellow.

Golden Bedder. Yellow. This is the best Coleus for bedding; deep gold in the sun. Dwarf.

Mrs. F. Sander. Large, creamy white center, bordered with green; blotched crimson.

Firebrand. Flaming red; fine bedder.

Golden Verschaffelti. Upper side of leaf rich yellow, reverse tinted red. A splendid bedder.

John Good. Extra strong grower; leaves light green, spotted yellow.

Mrs. Caroline Beck. Yellow and green; improved Snowcrest.

Verschaffelti. The oldest, still one of the best; rich velvety crimson.

Brilliance. The finest Giant Coleus ever offered. Bright carmine shading to deep maroon, margin of leaf yellow and green; leaves have a rich velvety luster, iving a most beautiful effect; habit strong and vigorous. 10 cents each, 50 cents for 6.

Kaiser Wilhelm. Large, broad foliage of crimson maroon, pink and bright green. 10 cents each.

GIANT ORCHID-FLOWERED CANNAS WHITE VARIETY

Maros. The best of its color, creamy white, dwarf habit, 20 cents each, 3 for 50c.

No bedding plant equal to the Cannas; are easily grown, and attain large size in ordinary soil. Plant in good, rich garden soil, about the end of May, when all danger of frost is past. Water sparingly for first two weeks after planting. Set the plants 15 inches apart each way, and where more than one kind is used, be careful to set the dwarf growing varieties at outside of bed. Should be taken up in the fall when the tops are killed by the frost, and stored away in a dark, cool place. Our stock is very large, numbering many thousand, and all true to name, each variety being the best of its kind.

A BED OF CANNAS

There is nothing more beautiful than a bed of Cannas, with their gorgeous flowers of all colors, which are produced above their rich, glossy foliage. No park or landscape planting is complete without several beds of these indispensable plants. Aside from the fact of its magnificent foliage display, it is exceedingly valuable on account of the great clusters of flowers which are produced the entire summer.

Many of our customers, appreciating the decorative value of the plant, and aware of its value in producing rich effects in the lawn or garden, want Canna beds, but are undecided as to what varieties should be included. For such we have prepared the following selections: Our years of experience and familiarity with the habits and characteristics of the different varieties, will be of great advantage to you in obtaining the result you desire.

For a round bed, 7 feet across, take 19 plants, for outside row,—19 plants, our selection, \$2.

For a round bed 10 feet across, take 37 plants, four varieties,—37 strong plants, our selection, \$3.75.

For a rectangular bed, 5x8 feet, 25 plants, three varieties,—our selection, \$2.75.

**CANNAS—NEW VARIETIES**

Leading varieties of recent introduction.

King Humbert, King of all Cannas**Giant Flowered. Orange Scarlet. Bronze Leaf.**

This remarkable "Gold Medal" Canna has been the sensation of the past six years. Of all the wonderful flowering and foliage plants introduced, this one takes the lead for size, color and habit. It is a cross between the Orchid flowering and the French or Crozy type, combining the best features of both the large flowers of the one with the free-blooming character of the other; the handsome leathery foliage with a strong, noble habit. It has the broadest leaves.

It is so distinctly in advance of any other Canna that the demand for and use of it has become universal. Strong plants, 20 cents each, \$2 per dozen; \$12 per 100.

Chas. Lutz. Foliage large and a healthy green, flower very large, yellow; considered the best yellow.

Hungaria. Dwarf; leaves bluish green, flowers of largest size of pure LaFrance pink with satin sheen.

Long Branch. A giant Queen Charlotte, being a brilliant blood red with broad petals.

Julius Koch. Foliage dark green, flowers large, and broad, petals a brilliant blood red.

L. Revercheon. One of the best dark leaf varieties, very large flowers, cochineal red. Light bronze foliage.

Niemen. Large trusics of pale lemon yellow.

Wm. Bates. A splendid pure yellow, strong robust color.

Mrs. A. F. Conrad. Exquisite salmon pink, of green foliage.

Undine. Bright orange scarlet edged yellow; rather dwarf.

Dr. Ackerknecht. Carmine; suffused deep carmine. A new shade. Bronze foliage.

Maros. The best creamy white Canna yet sent out.

Price of New Cannas, strong plants from 3-inch pots, 20 cents each. \$2 per dozen.

Cannas bordered with Salvias

A BED OF CANNAS

Will give you better satisfaction than any other bedding plant. For special prices see page 26.

A Select List of the Very Best Dahlias

The Dahlia is now taking first place among autumn-flowering plants; this is largely due to the splendid new sorts that are being brought out in the Cactus and Decorative class. There is nothing that can equal them in range of color and abundance of bloom. Any good, rich garden soil, not too wet, will grow good Dahlias. Show and Decorative types are the smoother petals. Cactus are the curled and twisted petals as shown in cut.

Plant Dahlia tubers in open ground, about the middle of May if the weather is favorable. The started plants can be planted from May 15th until July 1st. If the ground is at all cold and wet defer planting until later date. With us, the started plants have proved as good as the tubers. In fact, they come into bloom more quickly than the tubers and are cheaper.

Always stake your Dahlias as soon as they are tall enough, using a good stout stake at least 4 feet high. In the fall, before hard frost, cut the tops off within 3 inches from the ground, take up and store in a cool cellar free from frost.

Orange King. Very fine orange, show.

Thos. Wescott. Lavender pink shaded white in center.

Lawine. Dwarf, white center.

Earl Pembroke. Cactus, crimson maroon, shading to plum.

Price, 10 cents each, \$1 per dozen; larger size, 15 cents and 20 cents each.

FORGET-ME-NOT

These quaint, neat, low-growing plants love cool, moist soil, and, like pansies, bloom most freely in fall and early spring, producing star-like, light blue flowers. Excellent for borders, edgings, or will bloom nicely in winter in a cool room in pots. Needs shade in the summer. 5 cents each, 50 cents per dozen.

FICUS ELASTICA**(India Rubber Plant)**

This has become a general favorite as a house plant because the large shining green leaves endure the dry air of a living room as well or better than any other plant. Our plants are very choice and will add much to the room in which they are used as a part of the decorative scheme. Plants 1 foot high 60 cents each; 18 inches high, \$1 each; \$2 feet high, \$1.25 each; 2½ feet high, \$1.75 each.

FEVERFEW.

One of our finest bedding and vase plants, giving an abundance of double white flowers, one inch across. 10 cents and 20 cents each, \$1 and \$2 per dozen, according to size.

**HYDRANGEAS.**

These beautiful shrub plants are valuable for lawn or porch decoration when planted in pots or tubs. The large clusters of flowers resemble those of the Snowball, being larger and remaining on the plant from two to three months.

Otaska. Bright pink, sometimes tinted blue; dwarf, sturdy habit; profuse bloomer.

Souv de Claire. Produces bright pink flowers in wonderful profusion; heads are rather smaller than the others.

GERANIUMS

Telegraph

The Geranium is the most popular plant for bedding purposes, and deservedly so, as they continue to bloom profusely in the hot summer months when other plants are scorched by sun and dry weather. They possess great variety and brilliancy of color. The new double varieties bloom as freely as the single and make as fine bedders, being more durable, and are also valuable for cut flower work. They are also indispensable for the window garden in winter, blooming continuously. Each variety listed in our collection has a distinctive feature from all others. Our list of varieties are the best these is—compare our list with any Geranium specialist.

Our list of flowering Geraniums will be found very large and complete; in fact, it is one of the largest and finest in the West. We have taken great care in selecting the different varieties showing distinct characteristics of their own.

For massing in beds, for window boxes and vases, no varieties excel B. Poitevine, S. A. Nutt, Abbie Schafer, Countess, A. Richard, E. H. Trego, Madame Chevalier, Jaqueri, Mrs. Hill, Telegraph, Jean Viaud and Bruanti in their respective colors.

SPECIAL NOTICE—Have your Geraniums shipped by express—it takes a long time for them to get over mailing. Except smallest size.

Chinese. Several colors of the very best strains. 10 cents, 15 cents and 25 cents each, \$1 to \$2.50 per dozen.

Obconica. This is one of the most useful of flowering plants; always completely covered with flowers, which are a soft lilac shade and very charming. 10 cents, 15 cents and 25 cents each.

PANDANUS

Utilis. The Pandanus is perhaps the most useful of our ornamental foliage plants. 50 cents and \$1 each.

Veitchii. Variegated green and white foliage, graceful curved foliage useful for center vases and baskets. 75c and \$1.50 each.

DOUBLE PETUNIAS

Double Petunia Seafoam

Few plants give as general satisfaction as the Petunia. All are strong, rapid growers and free bloomers. We have a large number of varieties, varying in colors from pure white to dark crimson, variegated, beautifully marbled and blotched. **Seafoam.** For purity of color, form, size and vigor of growth, this variety is unsurpassed in double White Petunias. We have a grand stock of this, the finest double white variety we ever saw. 20 cents each, 50 cents for 3.

Pink Beauty. Beautifully fringed and of clearest pink. 15 cents.

Colored Varieties. We have a nice assortment of the best colored varieties. 10c each, 25c for 3; larger size, 20c each, 50c for 3.

SINGLE PETUNIAS

Giant of California. Single, finest mixed colors. 10 cents each, 50 cents per doz., large blooming size, 10 cents each, \$1 per dozen.

PENNISETUM RUPPELLIANUM

One of the most beautiful border or bedding plants, producing long, feather-like, purplish blooms, very graceful and ornamental; nearly hardy. Small plants, 10 cents each, \$1 per doz. Large size plants, 20 cents each, \$2 per dozen.

PALMS

Two or three well-known Palms in a house produce a better decoration than a hundred small plants and are not so much trouble. They are now the most fashionable plant for all decorative purposes. Keep in a moderately warm room; sponge off the foliage frequently with warm water and whale-oil soapsuds and then with clear water; given plenty of water, especially in summer and do not expose to the scalding sun rays in summer.

Kentia

Kentia Belmoreana. An elegant species in which the Pinnae are beautifully curved and reflexed. One of the easiest to grow in cultivation. Nice plants, 50 cents and \$1 each; large size, \$2, \$3 and \$5 each.

Kentia Forsteriana. Similar to the preceding, but taller and more robust. Nice plants \$1 each. Large size \$2, \$3 and \$5.

Phoenix Robelenii. One of the great Palms of the future, combining the grace of the Cocos and the hardness of the Kentia. 75 cents, \$1 and \$1.50 each.

Cocos Weddelliana. Most elegant and graceful of the smaller Palms. Its slender, erect stem is freely furnished with its arching leaves, made up of innumerable long, narrow pinnae or segments of rich green color. 50 cents.

Cycas Revoluta. (Sago Palm.) The stems of this variety are similar in shape to a pineapple; leaves grow in whorls at top. \$2 and \$3.

Areca Lutescens. A most elegant Palm. It is easily grown and is useful in every state of its growth; fine color, graceful habits, stems golden yellow, tall grower. \$1, \$2 and \$3 each.

Latania Borbonica. (Chinese Fan Palm.) One of the most desirable for general cultivation. Especially desirable for center cases, etc., 50c, \$1 and \$2.

PANSIES

The Pansy begins to bloom in February and continues until late in the fall. Should be placed in very rich soil and watered freely. We offer a fine collection of carefully grown, from pots, that are sure to give satisfaction and bloom freely.

Giant Varieties. Colors separate. 60 cents per dozen.

Our Special Mixture. Containing a fine mixture of all varieties listed in flower seed department of this catalogue. 50c per doz., \$3 per 100.

POINSETTA

This beautiful Christmas blooming plant is the admiration of all who see them. Would not advise you to buy them before November, securing the plant in full bed, ready to bloom. A description of the plant is hardly necessary, as you have all seen pictures and descriptions in the magazines. Price for Christmas-flowering, strong, 5-inch pot plants, 50 cents each; pans made up of 3 plants, \$1.25.

TRADESCANTIA
(Wandering Jew.)

Fine for hanging-baskets, vases, etc. Easily grown if given plenty of water.

Multicolor. Foliage brightly marked and striped white, rose, pink, bronze and green. 10 cents each.

Sepens Vittata. Leaves bright green, striped with creamy white. 10 cents each.

Pelargonium or Lady Washington Geraniums

Showiest mass of bloom produced on any soft-wooded plant that we have. The flowers are of good substance beautifully ruffled and fluted while the colors are perfection in gorgeous shades and markings and of great size and much better bloomers than the older varieties.

Our collection is from the Pelargonium specialists and consist of the very best of their different collections.

Mad. Vibert. Ruffled flower, fiery red, with black blotches.

Mrs. Robert Sandiford. Semi - double, pure white. Sometimes slightly marked dark.

Victor. Clear rosy pink; two upper petals.

Duke Cornwall. Large flowers of great substance, reddish crimson, bordered salmon.

Lord Treloar. Rosy red, maroon blotch in upper petals, white center.

Lord Carrington. Purple mauve, with crimson blotch of largest size.

Dr. Audry. Light pink shaded and blotched dark pink.

Mad Thibaut. White. Blotched and margined rose. Ruffled petals.

PANSY GERANIUM

Mrs. Loyal. The flowers are of medium size and have white throat. Each petal is shaded toward the center with a rich lavender pink and a dark maroon blotch in the center; is of easiest growth, dwarf in habit and literally covered with flowers.

Price of Pelargoniums (except noted): Small plants, 20 cents each, 3 for 50 cents; larger size, 30 cents each, 4 for \$1.

NEW HYBRID PELARGONIUMS

Easter Greeting. This new species is the earliest of all Pelargoniums with enormous florets and clusters habing light green foliage and of dwarf, robust growth. Blooms from March until fall. The florets are of a fiery amaranth red with five regular shaped spots. The first kind to bloom as well bedded as in pots and to do so all summer. 30 cents each.

Swabian Maid. A sport of Easter Greeting, reddish carmine with five large black blotches bordered purplish carmine. 40 cents each.

Prince Bismark. Immense large flowers, rich purple, velvety black blotches, 35 cents each

SANSEVIERA ZEYLANCA

The leaves grow to a length of 3 to 4 feet, and are beautifully striped crosswise, with broad white variegations on a dark green ground. Price of strong, healthy growing plants, 20 cents each, \$1 for 6; large size, 40 cents each.

VINCA

This great window-box and hanging-basket plant increases in popularity each year.

Major Variegata. A beautiful variegated trailing plant. Leaves glossy green, broadly margined with creamy white; flowers blue. 10 and 20 cents each, \$1 and \$2 per dozen.

Green Variety. Similar to the variegated, but leaves beautiful dark green. 10 and 20 cents each.

RUSSELLA ELEGANTISSIMA

A very striking semi-trailing plant, especially adapted for hanging-baskets, vases, window-boxes, etc. Skeleton-like in growth, throwing long spikes of rush-like branching foliage two-thirds of a foot long, which are literally covered with brilliant coral red flowerets. 10 cents each, 20 cents for 3, \$1 per dozen; large size, 20 cents each, 3 for 50 cents.

SWAINSONIA ALBA

Spikes of pure white flowers from 4 to 6 in. long in greatest abundance the entire year. Resemble small sweet pea, last well when cut. 10c each, 50c for 6.

SMILAX

There is no climbing plant in cultivation for winter use that surpasses this in the graceful beauty of its foliage. It is indispensable for cut flower work and its hard texture enables it to be kept without wilting for several days after being cut. Of no use outside in summer. 10 cents each, 25 cents for 3; larger size, 20 cents each.

**SALVIAS**

The Salvias now rank with the geranium in importance as a bedding plant. These French varieties are especially valuable on account of their dwarf and compact habit, and coming into bloom in mid-July, while the old Splendens did not bloom until September.

Clara Bedeman. Tall, upright grower; spikes grow erect.

Fireball. Dwarf, compact habit; very free flowering. Flowers long and brilliant scarlet.

Zurich. The dwarfest and earliest of all the Salvias, being constantly in bloom.

Price of the above, 10 cents each, \$1 per dozen, \$5 per 100; larger size, 20 cents each, \$2 per dozen, \$10 per 100.

ROSES

The popularity of the Rose is greater today than ever before. Other flowers are in favor for a year or more and then are practically forgotten, but the Rose is never in danger of being superseded by any other flower. New varieties are being introduced each year, which in some respects, are more desirable than the old ones. Very few places in the West, will you be able to find a better selection of the different varieties in large size, pot-grown plants. We call special attention to our plants in pots for immediate effect; they are sure to please and will give entire satisfaction. All our Roses are carefully grown, clean, healthy plants, and whether you pay \$1 or \$5 per dozen, we assure you that you will receive full value.

CULTURAL DIRECTIONS

In selecting a location for a Rose-bed, do not choose one where they will be shaded by trees or buildings, as the Rose delights in an open, airy situation, with plenty of sunshine. Roses are very partial to clay loam soil, but will do well in an ordinary soil, if enriched with well-rotted barnyard manure. In preparing the bed, dig it up thoroughly to a depth of 12 to 15 inches, as rose roots penetrate deep when they have a chance. In forming the beds, do not elevate them above the ground surrounding them, as they will suffer more from drought. After the plants are set up keep the soil loose to a depth of an inch or two by frequent stirrings. An occasional soaking with weak manure water is a great help to them.

Culture for Winter Bloom.

Keep in a room with temperature 60 to 65 degrees, with all the sunlight possible to obtain. Sprinkle under side of foliage every morning if sun is shining. Do not sprinkle on cold, dark days unless the atmosphere of the room is very dry. As soon as the bud is matured, cut the stem down to within 3 or 4 inches of the main stalk. Soil should be a good, rich clay loam. Use rotted cow manure in soil. A little weak manure or ammonia water at the roots once a week is very beneficial if plant is growing strong.

Insects and Diseases. Greenfly is easily subdued by dusting the leaves with powdered tobacco. The rose-slug is quickly killed by dusting insect—the whole plant, in fact—with road dust on a sunny day. Mildew, which affects the leaves in the early spring and fall, is due to the variable temperature. For this, dust powdered sulphur on the leaves. Roses must be syringed thoroughly every sunny day. In the morning is preferable.

Growing and handling such large quantities in our large floral department, we are in a position to know whether a variety is worthy of cultivation, and we have listed only those which we feel sure will give our customers the best of satisfaction.

Roses by Mail. Unpack immediately. Do not expose roots, but place at once in a shallow dish of tepid water. Toward evening carefully plant in a good mellow soil, thoroughly firming the moist earth around the plant. Shade from the mid-day sun just after planting. If you can possibly avoid it do not have your plants sent by mail—the small amount of express you have to pay will be more than made up on the extra values of plants we will send you.

Roses by Express. They are usually packed with all or part of the earth adhering to each plant. They invariably arrive in good order. If the balls of earth are dry, hold carefully in a pail of water for a moment, then firm the earth carefully around the balls. Never plant a rose when dry at roots; always soak before you put in the ground, then firm the soil thoroughly around them and water again. Shade is not necessary.

NEW ROSES (Tender Varieties)

Killarney Brilliant. An improvement on the original Killarney. Color much deeper, more petalage and the best of the sports that Killarney has so far produced. 2½ in. pots, each 30 cents, 4 for \$1.

Ophelia. Color, clear bright salmon often deepening toward golden pink; wonderfully fragrant, with long pointed buds and stiff stems. Large, handsome foliage, a free bloomer and not prone to mildew. Growth free and continuous under all conditions. 25c each, 5 for \$1.

Mrs. Charles Russell. A strong growing Rose. The foliage is heavy and leathery, inclined to slightly curl on the older wood; is almost mildew proof. The bud is fully as large as American Beauty, but longer and pointed. The color is a bright rose pink, deeper in the center. 2½ inch pots, each 30 cents, 4 for \$1.

Milady. Large and double, opening perfectly at all seasons of the year. In form and fragrance it resembles Gen. Jacqueminot. Strong and sturdy in habit with excellent foliage. Reproductive and wonderful keeper. Each, 25c.

Ophelia

J. L. Mock.—Very free flowering, strong erect grower, clear imperial pink, 25 cents.

Hoosier Beauty. Deep crimson, a texture like velvet, prolific bloomer. 25 cents.

British Queen. Very prolific, flower of largest size and heavy texture. Pure white, sometimes slightly tinted. 20 cents each.

Hermosa. Rosy pink. An old garden favorite.

Mad. de Watteville. White, shaded salmon.

Mad. Joseph Schwartz. Fragrant; pure white, tinted rose.

Mad. Cecil Bruner. The popular baby pink rose, comes in clusters, used largely for corsage work.

Perle de Ore. Nankeen yellow with orange center. Blooms in clusters.

STANDARD TEA ROSES

Suitable for summer planting. The flowers are much larger and more perfect than the preceding list but not in such quantity.

American Beauty

PRICES OF ALL TEA AND EVERBLOOMING ROSES

Except where noted, first size, 10 cts. each, \$1 per dozen; second size, 15 cts. each, \$1.50 per dozen; third size, from 4-in. pots, 25 cts. each, \$2.50 per dozen. We have in stock nearly all varieties listed larger size. Our selection, second size, ten strong plants, from 3-in. pots, especially suited for summer bloom, for \$1, by express. These will give you more satisfaction than \$2 invested in cheap little roses.

American Beauty. For immensity in size, rich color, exquisite form and delicious fragrance, it stands without an equal. It is a quick, bushy grower and is valuable for both house and garden culture. Color is a rich, rosy crimson, shaded and veined in the most charming manner. Not surpassed by any Rose we know. 20 cents each, 50 cents for 3; larger size, 40 cents each; extra large, two years old, 50 cents each.

Bessie Brown. Flowers profusely throughout the summer. Color pure white, tinted pink.

Bride. Pure white, perfect form. Buds pointed, ends of petals are slightly curved back.

Etoile de France. Strong, vigorous grower, and exceedingly free-flowering; of a lovely shade of red, borne on long, stiff stems.

Sunburst. The greatest of all in its class; a showy grower and a splendid bloomer; color varies from light yellow to almost a copper color, shading deeper toward the center.

Radiance. Of grand habit, strong upright canes, bright rosy pink.

My Maryland. A grand bedding Rose; a decided rose pink. Good free-branching, clean foliaged sort.

Mrs. Aaron Ward. Buds are deeply cupped, color deep golden orange, shading outward to creamy yellow.

Molly S. Crawford. Strong, free bloomer, pure snow white; very fine outdoor bloomer.

Madame S. Weber. Of largest size. Flesh pink; texture of petal thick and heavy.

Mad. Caroline Testout. Flowers are large; a brilliant satiny rose, deepening in the center.

Mad. Joseph Schwartz. White, delicately flushed pink.

Maman Cochet. A beautiful Tea Rose for outdoor blooming, making enormous growth, with rich, healthy foliage. The flowers are produced on long, stout stems, are very durable, extra large and full. Bright rose.

Sunburst

White Maman Cochet. Identical with Maman Cochet except in color, which is pure white.

Richmond. Strong grower; flowers are large and pointed, beautiful rich crimson; rather single in hot weather, but if cut in tight bud will keep well and open out very beautiful.

W. R. Smith. Creamy white with pink shading, a grand bedder.

Rhea Reid. Beautiful rich crimson, a grand summer bedding rose. Very double.

**THE ROSE FOR EVERYBODY
KILLARNEY**

No race of Roses are grown so much for cut flowers. For our door bedding they are the best of them all. (We grow 6,000 Killarneys for cut flowers alone.)

Pink Killarney. The great Irish Rose; of robust growth and very free-blooming; the flowers are large, the buds very long and pointed. The color is a delicate shell pink, with fine, satiny petals. As the flowers become mature, instead of the petals falling off they open back and remain on the stem, making a gorgeous display.

White Killarney. Identical with above, except color, which is a pure white.

Kaiserine A. Victoria. Pure white creamy center. A beautiful variety.

THE LA FRANCE SET

The delightful La France fragrance, by which every one of these four splendid roses may be known, is appreciated by every one who grows or wears a rose. These are grand for summer-blooming outside.

Striped La France. Creamy pink, with silvery gloss, growing deeper at base of petals; streaked delicate carmine.

White La France. It is pearly white, tinted with fawn.

Pink La France. Silver rose shaded pink; with a satiny sheen over all its petals. Flowers large, with the well-known fragrance.

Red La France. The flowers are darker than La France, of a deeper pink; very large and full, highly perfumed.

Price of La France: Small plants, 15 cents each. 4 for 50 cents; larger size, 30 cents each, 4 for \$1.

BABY RAMBLERS

All Perfectly Hardy and Wonderful Blooming Qualities. Grow about 24 inches high, are ideal for bedding out as they flower almost continuous. Flowers in clusters like **Crimson Rambler**.

Red Baby Rambler. Plant very vigorous, foliage dark and glossy. Flowers dark rich crimson.

White Baby Rambler. Produces large clusters of small double flowers; fragrance similar to Hyacinths.

Price of Baby Ramblers: Small plants, 20 cents each, 3 for 50 cents; 1 year old, 40 cents each, 3 for \$1; 2 year old, 75 cents each. Extra large specimens, \$1 each.

Jessie. An ideal Rose, possessing bright green foliage exempt from mildew, and a bushy, branching growth. Blooms from June till frost; bright cherry crimson.

Baby Dorothy. (Pink) A true dwarf form of Dorothy Perkins, continuing the family virtues, and pink beauty.

Orleans Rose. A charming sort of clean, vigorous growth and unusually brilliant foliage. Flowers are strikingly handsome; a warm geranium-red with center of pure white.

Erna Teschendorff. A new Baby Rambler, free from mildew; the brightest red of them all; does not bleach out in the sun.

Baby Tausendschoen. Similar to the climbing variety, its charm lays in the variable coloring, changing from white to shades of pink.

Geo. Elger (Yellow Baby Rambler). Pointed buds in clusters open up full and double, a good companion to the other Baby varieties. 25 cents each.

Hardy Hybrid Perpetual Roses

These are considered the most valuable of all the Roses. Their large flowers are very fragrant and of all colors known to the Rose. For permanent beds in northern and middle states, nothing can surpass them. We have listed only the varieties that are the best and most hardy, and know they will give satisfaction to our customers.

Knowing that there is a greater loss of Hardy Roses than any other dormant plant, it shall be our earnest endeavor to supply our customers with the very best plants possible, guaranteeing them to be in good condition when they leave our hands, but will not be responsible for loss in growing them. If you want to be sure of every one, buy our pot grown plants, ready May 10th.

HOW TO PLANT—VERY IMPORTANT

When planting, care should be taken to set plants deeply, planting them at least 2 inches below first point or branches and pounding the soil firmly around the roots. Don't crowd the roots, but dig a good, large hole, spreading out the roots; work the soil around the roots and pack firm as you fill the hole. When about two-thirds full of soil, give thorough watering, then when water soaks away, fill up the hole and firm the soil with your boot. Never for an instant expose the roots to the hot sun. If weather is very warm, protect the dormant tops with straw, sacking or other protecting material, until the tops swell, gradually accustoming them to the light and air. By carefully observing above you will have not trouble to make your dormant plants thrive, where by careless planting and after-care, one-half will die and most often the blame comes back on us.

Winter Protection for Rose Plants. This may be done with material most convenient at hand, such as leaves, straw, light manure, street sweepings, pine and cedar boughs, etc. Large Rose bushes will stand several degrees of frost and the covering should not be put on until winter has set in, and it is well to lay in a few brush or pieces of wood between the plants that the air may circulate freely.

How to Make Roses Bloom. The fact is known to all who have ever grown Roses that most of the blooms are produced on the ends of the branches, very small flowers being produced on the lateral shoots. In the axil of each leaf is a latent bud. Should the long, strong shoots or branches be placed and kept in a horizontal position, each latent bud will produce many flowers. Cut wooden hooks and peg the long, strong shoots firmly to the ground. These branches will not only flower early and late, but will make robust wood, which can be treated in the same manner the following spring. Monthly, Bourbon and Hybrid Perpetual Roses can thus be made to bloom continuously, making your Rose bed a constant wonder and delight to all beholders.

When to Order. Place your order early. Don't wait until late and expect specially selected stock, unless you buy pot-grown plants.

Suckers—always remove any suckers that come up at sides of plants—they are from the root graft of the rose, and will not bloom and only rob the vitality of the plant.

Price of all Hardy Roses, extra strong, two-year-old-plants, 35 cents each, \$3.50 per dozen. Ready for shipment from April 10 to May 10. After May 1st pot-grown plants, 50 cents each, \$5 per dozen.

Anna Diesbach. Bright rose; large and showy; particularly fine in bud; slightly cupped.

Baroness Rothschild. Of immense size and fine form; very solid; bright rosy pink.

Coquette des Alpes. White, tinged with carmine. Very fine, free bloomer.

Frau Karl Druschki. One of the finest pure white roses. Makes splendid buds and immense white flowers, 4 to 5 inches across, perfectly double and fragrant.

General Jacqueminot. Rich velvety crimson, changing to scarlet crimson. Is without a rival in fragrance and color.

General Washington. Color bright shining crimson, very rich, large and perfectly double.

Mabel Morrison. Fine, pure white.

Magna Charta. Extra large, full flowers; very double, clear rose, blushed with carmine.

Marshall P. Wilder. The flowers are large, semi-globular, full of good substance. Cherry red, shaded carmine.

Mme. Plantier. Good for anybody or everybody at any time and at any place. The plant grows in a very fine, bush form and produces flowers in great abundance in June. Pure white.

Mrs. John Laing. Beautiful soft pink, with most delicious fragrance; of exquisite shape; very double and of large size; a strong grower.

Paul Neyron. Large, deep shining pink, and the buds always develop into fine perfect Roses. It is a good, strong grower.

Prince Camille de Rohan. Very rich dark velvety crimson, passing to intense maroon, shaded black; full flowers.

Ulrich Brunner. It is of a rich, glowing crimson scarlet color; of exquisite shape; a strong, vigorous grower and free, continuous bloomer.

SPECIAL COLLECTION OF HARDY ROSES

Everybody loves hardy Roses but many have been disappointed by getting varieties that winter kills. We want to please our customers and will pick out 4 perfectly hardy varieties, our selection, all strong, two-year-old plants, for only \$1, by express collect, our selection of varieties.

POT-GROWN HYBRID PERPETUALS

Owing to weather conditions dormant Roses are hard to start in the spring. There are also many who neglect planting at the proper time for dormant plants. After May 10 we have in stock nearly all the varieties of Hardy Perpetuals in list—two-year-olds, at 50 cents each, \$5 per dozen. These can be planted at any time during the spring or summer.

SMALL POT-GROWN HYBRID PERPETUALS

Are all on their roots and will make you a good permanent bed. We have a limited stock of the standard varieties, 3-inch pot plants, at 15 cents each, \$1.50 per dozen.

HARDY YELLOW ROSES.

Persian Yellow. Perfectly hardy. Flowers double, full and deep golden yellow in color; blooms very freely in June; finest hardy yellow Rose grown. Strong, two-year-old plants, 35 cents each.

MOSS ROSES

A class of Roses which are much admired. The beauty of the flowers consists in the delicate mossy covering which surrounds the bud and gives to the opening flower an unique appearance. 30 cents each, \$1 for 4.

Blanche Moreau. Pure white, sometimes shaded with rosy blush.

Salet. Light rosy pink; extra free bloomer.

Crimson Globe. Dark Crimson; best in its class.

Henry Martin. Deep pink.

HARDY CLIMBING ROSES

This class of Roses is much esteemed for training over arbors, porches, fences and other objects. They blossom profusely, the wealth of flowers almost covering the branches. Very little in the way of pruning is necessary, and the plants are perfectly hardy.

Dorothy Perkins, at home under all conditions.

Dorothy Perkins. The best of all climbing Roses. In strong, vigorous growth. Flowers are borne, in clusters, are of a beautiful shell pink, full double, and of a large size for a cluster Rose, and deliciously scented.

White Dorothy Perkins. A seedling of Dorothy Perkins having every desirable attribute of its parent and bearing magnificent clusters of gleaming white flowers.

Veilchenblau, or "The Blue Rambler." A real violet blue Rambler Rose. The flowers are steely blue. The buds show considerable red, but change quickly as they open.

Crimson Rambler. Everybody knows this Rose now, because none can help remembering it if ever a good plant in bloom meets the eye. Magnificent and hardy everywhere.

Lady Gay. A seedling from Crimson Rambler, and closely resembling it in habit of growth, but the flowers are a delicate cherry pink, which gradually changes to soft-tinted white. Two-year-old plants.

Flower of Fairfield. Perpetualflowering Crimson Rambler.) Its flowers, which are produced in profusion, are of a fine crimson color. The growth is vigorous, flowering freely throughout the season.

Philadelphia Crimson Rambler. The flowers are perfectly double, completely covering the bush. The color, deep rich crimson, brighter than the old variety; does not fade.

Tausandschon. Means Thousand Beauties, and is a very appropriate name for this great novelty. The colors run from delicate rose thru shades of bright rose through shades of bright rose and carmine, with white, yellow and other tints; the flowers are of good size and quite double.

Baltimore Belle. Your yard is not complete without this grand Rose. Will grow 15 feet in one year, and be covered with clusters of large double flowers of a pale blush color.

Gold Finch. The ideal yeallow rambler. Flowers large, semi-double in clusters, light lemon yellow.

Trier. Creamy white, center of flower filled with yellow anthers.

Prairie Queen. A favorite everywhere. If you want a Rose for your porch, this is the one. Bright red, changing as flower opens to deep pink.

PRICE OF CLIMBING ROSES

Small plants from pots, 15 cents each, 4 for 50 cts.; 2 yr. old out door grown, 30 cts. each. Extra strong, 50 cents each.

Special Offer—One each of 12 varieties Climbing Roses, strong, 2-year plants, for \$3 by express.

JAPANESE TRAILING ROSES

Wichuriana Type

The evergreen, lustrous, dense and healthy foliage of this species make them indispensable for ground covering and shallow bedding. They bloom profusely during a long season. Although trailing in tendency, every variety yields readily to upright training.

Wichuriana. Single, pure white; blooms during June and July; foliage almost ever green.

Manda's Triumph. Double, white flower, produced in large clusters on long shoots.

Universal Favorite. Double, light pink.

Small plants, 15 cents each, 50 cents for 4; larger size, 25 cents each.

ROSA RUGOSA

The lovely Ramanas or Rugosa Roses are sturdy bushes, 3 to 5 feet in height, and are covered with glossy green foliage and clusters of beautiful single flowers, which emit a fine odor. They bloom nearly the whole summer and are covered during the autumn and winter with bright red pods.

Alba. White.

Rubra. Red.

C. F. Meyer. Clear, silvery rose; large and fragrant. Price, 35 cents, 3 for \$1.00.

Hydrangea Panicalata Grandiflora (See page 37)

HARDY PLANTS, SHRUBS, VINES, ETC.

Ready for shipment April 15 to May 1. Send us your orders as early as possible.

We are pleased to note the increased interest taken in this line of plants. Nothing is more beautiful on the lawn or in flower garden. Our stock is very large and fine and we feel sure that they will give our customers satisfaction in every way. Every variety that we list (except Altheas) we consider perfectly hardy here—even in exposed situations. There is nothing which so quickly and for so little cost, adds to the beauty and cheerfulness of the surroundings as an assortment of hardy shrubs.

ALTHEA

(Rose of Sharon)

Unsurpassed by anything in the shrub line in freedom of bloom or range of color. From mid-summer until frost, when other shrubs are in bloom the Althea is the most handsome, with its large, camelia-like flowers of the most varied and beautiful shades. It is not perfectly hardy in this climate, but fully pays its cost the first season even if winter kills. Double Purple, White, Red and Variegated. 35 cents each.

ALMOND

Very early flowering. Blooms very double and about 4 inches across. Double White or Double Pink, 35 cents each.

CALYCANTHUS

Florida. (Flowering Shrub). A very desirable shrub, with chocolate-colored flowers of delicious fragrance in June. 30 cents each.

CHIONANTHUS VIRGINICA (Fringe Tree)

A tree-like shrub, almost hidden in the spring by a thick mist of fragrant, drooping white flowers; very ornamental. 50 cents each.

CORNUS (Dogwood)

Alba. Red-branched. Tree-like shrub, with white flowers in June, followed by red berries. 20 cents each. 50 cents for 3.

CYDONIA (Japan Quince.)

As a single shrub on the lawn is very attractive; the large, brilliant crimson flowers are the first blossoms of spring. Makes a fine lawn hedge. 35 cents each; large size, 50 cents.

DEUTZIA

One of the most popular shrubs; blooms in June and July.

Gracilis. A charming, fine, small shrub, suitable for culture, perfectly hardy; a profuse bloomer; delicate, small white flowers. 25 cents each.

Grenata fl. pl. Flowers double, pinkish white, in spikes 5 inches long. One of the most satisfactory shrubs, tall and rapid growth. Blooms first season planted. 25 cents each.

Watereri. Grand variety; very large flower, double white; robust grower; 25 cents each.

EXORCHORDA GRANDIFLORA

A vigorous growing shrub, can be trimmed into a desired shape. Flowers pure white, borne on slender racemes, very graceful. 40c.

EUONYMUS AMERICANA (Burning Bush)

Attractive, deep purple flowers, broad foliage and brilliant scarlet fruit. 35 cents each.

**BARBERRY, THUNBERGI**

Where a low, dwarf, deciduous hedge is wanted, nothing equals this beautiful Barberry. It is of spreading habit, growing extremely thick from the base, and requires but little pruning to keep it in shape. The leaves are small light green, and toward fall assume rich, brilliant colors, the fruit or berries becoming scarlet; absolutely hardy in all parts of the country. 12 to 15-inch, 15 cents each, \$1.50 per doz., \$10 per 100; 18 to 24-inch, 25 cts. each, \$2.50 per doz., \$15 per 100.

**FORSYTHIA
(Golden Bell.)**

The Forsythias are among the best of our early spring-flowering shrubs; the flowers are yellow, drooping and appear before the leaves. 30 cents each.

BOXWOOD

Not hardy in Iowa. Extensively used for lawn and porch decoration. In winter store in cool, frost-proof room.

Pyramid Shape. \$2 and \$3 each.

Bush Shape. \$1 and \$2 each.

Globe Shape. On 18-inch stem \$1.50 each.

**LONICERA
(Bush Honeysuckle)**

Morrowi. A neat shrub of symmetrical growth of much sentimental interest from childhood's garden memories. Red flowering, 25 cents each; white flowering, 25 cents each.

RIBES**(Flowering Currant)**

The old-fashioned large-growing, flowering variety. Grows 6 to 8 feet high. 30 cents each.

RHUS**(Sumac)**

Glabra Iaciniata. (Cut-leaved Sumac). Of a striking appearance; the leaves are deeply cut, resembling ferns, the color of which is dark green, changing to a rich red in autumn. 25 cents each.

SAMBUCUS. (Elder.)

Aurea. A native of Holland; leaves are bright yellow, giving best effect when planted with other shrubs; blossoms resemble common Elder and appear in July. Very hardy. 25 cents each.

**SYMPHORICARPOS
(Snowberry.)**

Racemosus. A well-known shrub, with small pink flowers and large white berries that hang on the plant throughout part of the winter. 25 cents each.

Vulgaris (Red-Fruited, or Indian Currant.) A shrub of very pretty habit. Foliage, flowers and fruit small; fruit purple; hangs all winter. 25 cents each.

HYDRANGEAS

Paniculata Grandiflora. Tens of thousands of these notable summer and autumn-flowering shrubs have been sold the past few years and the demand is still good. They are absolutely hardy, grown in any soil, and bloom the same year they are set out. They flower abundantly, bearing immense panicles of bloom, white at first, and turning to rose in autumn. To make

a fine specimen, the soil should be as carefully prepared as for any shrubs. Annual shortening of the branches tends to increase the size of the flowers. One-year-old plants, 25 cents each, 5 for \$1, \$2 per dozen, \$11 per 100. Two-year-old, 3 to 4 feet, 50 cents each, \$5 per dozen, \$25 per 100.

Hydrangea, Tree Form. Branched like a little tree. (See cut.) 3 to 5 feet high, 75c each.

New Hydrangea Snowball. This magnificent hardy American shrub is the very finest addition to this class of plants found in many a year. The blooms are of large size, of pure snow white color, and the foliage is finely finished, lacking the coarseness found in *Paniculata*. One of its most valuable characteristics is its coming into bloom just after the passing of all the early winter shrubs, while its long season of bloom, from early June through August, renders it doubly valuable to every owner of a garden; perfectly hardy, standing 20 degrees below zero. The form of the panicle is much like that of *Hydrangea Hortensis*. 20 cents each, 50 cents for 3; large one-year-old plants, 40 cents each, \$1 for 3.

Tree Form Hydrangea

**VIBURNUM STERILIS
(Snowball.)**

The old well-known snowball; hardy everywhere. 25 cents each; largest size, 50 cents.

TAMARIX

Africana. A beautiful shrub with small leaves, similar to a Juniper; flowers pink, small and delicate; borne on long spikes in May. 35 cts.

PHILADELPHUS, SYRINGA, OR MOCK ORANGE

Coronarius. Beautiful free-flowering shrubs, bearing large panicles of pure white, fragrant flowers; very strong growers. 25 cents each.

Lemoinei. Dwarf, sturdy, erect growth; creamy white, fragrant flowers. 25 cents each.

WEIGELIAS

Candida. White flowering variety, flowers throughout the summer. 30 cents each.

Eva Rathke. Brilliant, crimson, flowering throughout the summer. 30 cents.

Rosea. Rose colored flowers, in June and July. 30 cents.

Variegata. Leaves beautiful, margined pure white. Flowers pink. 30 cents each.

SPECIAL OFFER: One each of Weigelas for \$1.

Spirea Van Houte

Double French Lilacs

DOUBLE FRENCH VARIETIES

Chas. X. A strong, rapid-growing variety with large, shining leaves; trusses large, of red-dish purple. 50 cts. each.

Josikaea. Dark lilac-colored flowers; blooms in June. 50 cts. each.

Madame Lemoine. Double, pure white; borne in large clusters. 50 cents each.

Michael Bushner. Beautiful light lilac. Very double; 50 cents each.

LILAC

Old-fashioned purple varieties, 15 cents each.
Old-fashioned white varieties, 15 cents each.

SPIREA

All the Spireas bloom with a riotous extravagance which makes them quite striking. Their individual style, color and habits of growth differ so markedly, that a collection of varieties will insure bloom the entire season and still evade the monotony of repetition.

Van Houtel. The most showy of all Spireas and one of the best flowering shrubs in cultivation. The plant is a rather tall, upright grower, with long, slender branches that droop gracefully with their weight of foliage and flowers. Flowers pure white in great clusters and whorls forming cylindrical plumes two feet long. Few shrubs present a more charming appearance. Blooms freely when very small. Small size, 18 to 24 inches, 15 cts. each, \$1.50 per dozen, \$10 per 100; 24 to 30 inches, bushy, 25 cents each, \$2.50 per dozen, \$15 per 100, extra large 50c each, \$5 per doz.

Billardi. Pink flowers; in bloom nearly all summer. Fine for planting in masses. 20 cts. each.

Golden Leaved Aurea. Foliage golden tinted, very effective massed or among other shrubs. Flowers are white, Blooms in June. 25c each.

Antony Waterer. A bright crimson. It is also dwarf and dense in growth. When scarcely 3 inches high it begins blooming and thereafter is seldom out of flower. Grows 3 feet high and wide, and will be covered with flower heads 6 inches across. It is also perfectly hardy and will stand the most severe winter with slight protection. Small size, 15 cents each, large size, 35 cents.

Antony Waterer

Wallafi. Blooms in large broad panicles, almost pure red and does not fade in color. Dwarf habit. 35 cents each.

Prunifolias Fl. Pl. Plum leaved, tall growing. Blooms early, very effective with its long graceful curving branches covered their entire length with small double white flowers. 40 cents each.

Thumbergi. Forms a dense feathery bush; foliage in autumn changing to bright red and orange. Flowers pure white, borne in feathery masses in June. 40 cents each.

HARDY CLIMBING PLANTS

If you have a vine colored fence of Woodbine, Bittersweet, Honeysuckle, or other vine—try a Trumpet Vine at each post or regular interval. The effect is very striking and attractive.

ARISTOLCHIA SIPHO

(Dutchman's Pipe.) Brownish flowers, resembling a miniature pipe; splendid for archways or verandas. Extra strong, by express, 50 cents each.

THE JAPAN OR BOSTON IVY

(*Ampelopsis Veitchii*.) The grandest hardy climbing vine in existence for covering houses, churches, schools, etc. Its glossy ivy leaves overlap each other, and its long, delicate young shoots stretch up the walls with free and rapid growth. The tendrils at nearly every point cling firmly to the smoothest surface of rock or wood. The glossy leaves assume in the autumn the most beautiful tints of scarlet and crimson. The handsomest vine possible for growth on brick walls. Small plants, 15 cents each, 50 cents for 4; larger plants, 25 cents each, \$1 for 5; three-year-old, 40 cents each, \$4 per doz. Extra heavy 4-year-old, 60 cents each, 6 for \$3.

AKEBIA

Quinata. A beautiful hardy climbing vine. It often grows 15 feet in a year and produces throughout the season large clusters of fragrant flowers, resembling Forget-me-nots. Two-year-old, strong plants, 35 cents each.

APIOS

Tuberosa. Clusters of rich, deep purple flowers, which have a strong violet fragrance. 10 cents each, 25 cents for 3.

BIGNONIA (Trumpet Vine)

Radicans (Trumpet Creeper.) Flowers are large, orange scarlet. Very useful for covering undesirable places, as it is a strong grower and very hardy. 20 cents each, 50 cents for 3.

SILK VINE

Native of Southern Europe. A rapid-growing, beautiful vine. 30 cents each.

CINNAMON VINE

A fine hardy climber. The vine is a very rapid grower, producing flowers of a cinnamon fragrance; therefore called "Cinnamon Vine." 10 cts. each, 75 cts. per dozen.

LONICERA

(Honeysuckle.)

Halliana. (Hall's Honeysuckle.) Color white, changing to yellow; very fragrant. Blooms from June to November.

Punica. (Scarlet Trumpet.) Strong, rapid grower. Blooms very freely the entire season. Bright red trumpet-shaped flowers.

Flava. (Yellow Sweet.) The flowers are a bright yellow and orange; fine for porches and pillars.

Japonica Area (Japan Golden-leaved.) A handsome and desirable variety with variegated foliage; yellowish white flowers.

Price of Honeysuckles: Strong, outdoor-grown plants, 25 cents each.

CELASTRUS SCANDENS (Bittersweet.)

Handsome, glossy foliage and large clusters of beautiful orange crimson fruits retained all winter. Its graceful sprays of berries make charming winter house decorations. Two-year, 35 cents.

Euonymus Radicans. One of the finest evergreen vines, with small, rich green foliage, and pink fruits in cells which separate and expose the scarlet arils. For covering rocky banks, rough walls, tree-trunks, etc., also for vases, baskets, and borders of beds. 12 to 15 in. (bushy) 25c each; \$2 per 100.

HOP VINE

A vigorous hardy, ornamental vine, for covering old trees, outbuildings, fences, etc. Produces the hops of commerce. Every family needs a supply of hops during the year and this vine is useful as well as ornamental. Each, 15 cents; dozen, \$1.00.

Japan or Boston Ivy (*Ampelopsis Veitchii*)

LYCIUM

Chinese (Chinese Matrimony Vine. A vigorous growing hardy climbing vine that may be used anywhere that a vine is needed for training to trellis, fence or wall. Every new shoot becomes filled with small purple flowers which are remarkably handsome and are followed by brilliant scarlet berries, nearly an inch long. 25 cents each.

PERIPLOCA GRAECA (Silk Vine)

A rapid-growing, beautiful climber, with glossy green lanceolate foliage. Fine for arbors or trellises. Strong two-year, 30 cents.

WISTARIA

This is one of the most popular hardy vines, growing very rapidly, climbing to a height of 50 feet or more. When in bloom it is truly magnificent. It flowers in early spring in long, drooping, racemes, resembling in size and shape a bunch of grapes.

Magnifica. Flowers in clusters; pale blue; sometimes gives second crop of flowers in the fall. 30 cents each.

Sinensis Alba. Flowers borne in long, drooping clusters, as in the blue variety. Pure white color, sometimes tinted light blue, making a most striking and elegant contrast. 50 cents each.

- WOODBINE

Virginia Creeper. A strong, rapid grower; foliage large, dark green; in autumn bronze and crimson. This is an old favorite and quite common in most localities. Valuable for covering back porches, out-buildings, arbors, etc. Each, 10 cts., dozen \$1. Large size, 20 cts; dozen, \$2.

SPECIAL OFFER. Twelve Hardy Climbing Vines, all different, including three Clematis, for \$2; all strong, two-year-old plants.

CLEMATIS

They are perfectly hardy and of rapid growth, attaining a height of 15 feet and blooming the greater part of the summer and fall. The effect produced by a well-grown plant when in bloom is grand.

SPECIAL NOTICE. On account of the brittleness of the bark on the Clematis, it cracks very easily and many people believe the plant to be permanently injured when such is not the case. We wish to say, also, that we **examine all** plants carefully before shipping to see that they are in good condition and if they die after being planted, as must sometimes happen, we do not agree to replace them.

LARGE FLOWERING VARIETIES

Notice. Clematis are usually shipped in pots. On receipt remove from pot carefully, so as not to disturb the roots. Plant in good, rich soil, away from any drip of the roof. Protect in winter with coarse mulch of straw manure.

Jackman. Deep violet purple. The finest of its kind.

Henryi. Pure white; one of the best.

Duchess of Edinburgh. One of the best double whites. Of vigorous habits; very free blooming.

Madame Baron Villard. Light rose, lilac shading.

Ville de Lyon. Magnificent brilliant crimson; large size, circular form.

Gypsy Queen. A rich, dark velvety purple; a fast grower and a free bloomer.

Price of large varieties, strong 3-year-old pot plants, 75 cts. each, 6 for \$4.

Coccinea. Bell-shaped flowers, bright coral red; blooms from June until frost. A rapid grower. 30 cts. each.

Crispii. Fine deep blue, with white border; fragrant. 30 cts. each.

**CLEMATIS PANICULATA**

Paniculata. One of the very best vines to grow near the house, as they are free from insects, and remain neat looking throughout the whole summer. It will grow against any outbuilding, trellis, over any place, up a pole, pillar or stump. The flowers are of medium size, pure white, borne in immense sheets and of a delicate and penetrating fragrance, appearing late in September, at a season when few other vines are in bloom. The extreme rapidity of growth, the showy foliage, beautiful and fragrant flowers, the hardihood, serve to make this one of the very choicest of recent productions. We have a very large stock of pot-grown plants, two-year-old, 30 cents each, 4 for \$1; small 3-inch pot plants, 20 cents each, 3 for 50 cents; three-year-old, 50 c each.

Make your home beautiful by planting a few shrubs and flowers.

HARDY PERENNIAL PLANTS

Those that die to the ground every year.

An old-fashioned garden, the kind your Grandmother liked.

It is wonderful, the large and increasing demand for these (the old-fashioned flowers). No money you can invest will give you such pleasure and permanent returns as that you invest in Hardy Plants. Once planted they stay, growing in beauty every year. Our stock of these is large and complete and covers such a wide range of variety that you can select what will give you a complete succession of flowers the entire summer and fall. The small size are mostly pot-grown. Large size, one-year, field grown.

HEDGE PLANTS

They require very little care, and with age they increase in density and beauty instead of rotting away. The deciduous hedge grows very rapidly and costs but little. They are very popular in towns and cities and indispensable in landscape work. Possibly the most popular and beautiful, *Spirea Van Houttei*, *Hydrangea*, *P. G.* and *Barberry Thumbergi*. Description and prices will be found under their respective headings. For this locality they are the best.

**GAILLARDIA**

Grandiflora. Begins to flower in June, continuing one mass of bloom the entire summer. Flowers 3 inches in diameter; center dark reddish brown, petals vary from scarlet and scarlet orange to crimson. 15 cents each, 50 cents for 4; clumps, 25 cents.

**HOLLYHOCKS**

One of the most ornamental plants for permanent garden; everyone knows what they are. Plant in deep, rich soil where they will get plenty of water.

Double Pink, White, Yellow, Red. Small plants from pots, 10 cents each, \$1 per dozen; large field plants, 20 cents each, 3 for 50 cents.

HELIANTHUS

Plenus. Flowers from 2 to 4 inches in diameter, as double as any double Dahlia. Color a bright golden yellow. It should have a sunny position and a rich soil. Each, 15 cents.

STOKESIA

Cyanea. This plant grows from 19 to 24 inches high, bearing freely from early July until frost, its handsome lavender blue centaurea-like blossoms. 10 cents each; clumps, 25 cts.

SPIREA

Japonica. One of the finest hardy garden plants. Flowers are white, borne on feather-like spikes. Used with other flowers in bouquets or vases, they are really beautiful. 20 cents each.

PEONIES

Once Planted They Will Last a Lifetime

There is no hardy perennial which equals the Peony in beauty and usefulness. Once planted, the plants and flowers increase in size and beauty with age. They are as hardy as oaks and as handsome (many as fragrant) as roses. When the plants are through blooming they are as handsome and ornamental as most of the hardy shrubs. The plants are practically immune from insects. We would advise our customers to **beware of cheap Peonies**. An inferior variety will take as much care and space as a choice one, and the first cost of a Peony is nothing compared with the disappointment after years of waiting.

Planting. An important point to observe is not to plant too deeply. The roots should be placed so that the crowns (or eyes) are covered with two or three inches of soil. Planting too deep is often cause of shy blooming.

Plant with southwest or west exposure.

Plant as early as possible in the spring, as they sprout very quickly. If order is received too late for planting we will hold that part of order and deliver in early Fall.

Our list contains the very best and most dependable varieties.

Bancroft's Money Saving Collection of Popular Plants

(See page 52)

These collections are put up for those who want good small plants, yet do not feel able to pay the higher prices charged for those named in catalogs. You may ask why we can sell them cheaper than our catalog rates. Our selections of varieties saves us time during the busy season. We also may be short on some named varieties and long on other equally as good varieties. These we can use in our collections, and give you the benefit. We sell many thousand money saving collections yearly, to satisfied customers. Try them. We know you will be more than pleased.

ORDER BY LETTER.

All orders for our Surprise Collections will be acknowledged and entered on our books as received. We usually commence to send out the Collection of Tender Plants about May 1st, and Hardy Plants the latter part of April. We cannot promise to send them out before these dates. We cannot permit any changes in the composition of these collections or in the time of delivery. Always order by letter.

NOTICE SPECIAL

The collections not marked prepaid are not mailable and must go by express at purchaser's expense. Combine your orders, having them shipped by express, and you will be more than pleased with the splendid value you receive. Owing to a recent reduction in express rates, it is economy to have them go by express. The cost is so small and the extra value of the plants will more than compensate you for the small amount of express charges YOU will have to pay.

(All money saving collections are strictly our selection of varieties.)
